Grading System

School Regulations and General Information

NC Grading Scale: In October 2014, the State Board of Education agreed and approved a standard 10-point grading scale to begin with the 2015-16 school year. This scale will not include “pluses” or “minuses” and it will be applied for coursework beginning SY 2015-16 for students in grades 9, 10, 11, and 12. There will not be any attempt to retroactively alter grades from prior years.

Under the new scale, grades and grade point average calculations will be applied as follows:

- A: 90-100
- B: 80-89
- C: 70-79
- D: 60-69
- F: Below 60

Athletic Eligibility Policy (From the NC High Athletic Association)

Student may not participate if he/she becomes 19 years of age on or before August 31. Students must be in attendance 85% of the time. Students cannot miss more than 13.5 days in the previous 90-day semester. This includes all absences, excused and unexcused. Attendance is regulated by local LEA policy in terms of length of day required to be counted in attendance. Local attendance policy may be more stringent in terms of counting/earning credit for courses.

Academics: In accordance with Weldon City Schools policy, the student must pass **ALL** courses with a 60 or higher the previous semester to be eligible at any time during the semester. Any student, including seniors, must also pass **ALL** courses even if they need fewer courses for graduation. All students must also meet local promotion standards, set by the L.E.A. and/or local school. Courses must be approved for credit, (i.e., audited courses would not count). Minimum load for Weldon City Schools/Weldon STEM High School Career Academies is defined as six (6) courses in the traditional school schedule. Minimum load for Weldon City Schools/Weldon STEM High School Career Academies is defined as four (4) courses on the traditional 90 minute “block” schedule. This applies to all student athletes, including seniors. No work previously passed by a student may be submitted as part of a minimum load. Summer school work used to make up part of the minimum load must be applied to the most recent semester. Credit for summer school work is the determination of the local unit. If a student is not eligible at the beginning of the semester, he/she is not eligible at any time during the semester.

Exception: A student who receives an incomplete or is awaiting a final grade due to EOC re-testing or any other state mandated testing, which causes him/her to fail to meet minimum scholastic requirements, is ineligible until the course is satisfactorily completed. Eligibility is restored immediately.

Enrollment/Residence: The student must be a regularly enrolled member of the school's student body. Student must participate at the school to which he/she is assigned by the local board of education. School assignment is based on the residence of the parent or legal custodian (court ordered custody, not guardian) within the administrative unit. Student must live with the parents or legal custodian. A "legal custodian" is a person or agency awarded legal, court-ordered custody of a child. A student may not have two residences for eligibility purposes. In order for a change of residence to be bona fide at least the following facts must exist:

a. The original residence must be abandoned as a residence; that is sold, rented or disposed of as a residence and must not be used as residence by any member of the family.

b. The entire family must make the change and take with them the household goods and furniture appropriate to the circumstances. The change must be made with intent that the move is permanent.

Transfers within the same administrative unit may be governed by the local board of education. A student transferred from one administrative unit to another by mutual agreement is immediately eligible, for athletic participation in the receiving unit, if eligible in all other respects. A student must be properly enrolled at the member school no later than the 15th day of the present semester, and must be in regular attendance at that school. No student may participate at a second school in the same sport season except in the event of a bona fide change of residence of the parent(s) or legal custodian. Change of schools must be contemporaneous with change of residence. A student is eligible at their assigned school if he/she attended school within that administrative unit the previous two (2) semesters, provided it meets LEA policy.

NCHSAA Regulations: Falsification of information in terms of eligibility will result in the student athlete(s) being declared ineligible for a period of 365 days from the point of notification to the NCHSAA. Student athlete will be prohibited from involvement in all athletic-related activity for the 180-day school year and any school-sponsored activity(s) during the summer. A student must receive a medical examination once every 365 days by a duly licensed physician, nurse practitioner, or physician's assistant. Students absent from athletic practice for five or more days due to illness or injury shall receive a medical release by a physician licensed to practice medicine before re-admittance to practice or contests. No student may be eligible to participate at the high school level for a period lasting longer than eight (8) consecutive semesters, beginning with the student's first entry into ninth grade *or an over-aged seventh or eight grade student's*

participation on a high school team, whichever occurs first. No student may participate at the high school level for more than four (4) seasons in a sport (one season per year, i.e., A student

could not play fall women's soccer in one state and then play NCHSAA women's soccer in the spring). A student must not be convicted of a felony in this or any other state, or be adjudicated as a delinquent for an offense that would be a felony if committed by an adult in this or any other state.

A student may not play, practice or be on the roster if ineligible. This does not apply to summer workouts, but the student should be enrolled in your school. Managers, statisticians, etc. do not have to meet NCHSAA eligibility standards. There shall be no Sunday practice in any sport. This includes the assembling of athletic squads (full teams or selected individuals) for purposes of viewing films, chalk talks, or other materials pertaining to the coaching of the team. A student may not dress for a game or scrimmage when he/she is not eligible to participate in the game. If serving an "ejection", student may be in the bench area but may not be in uniform. If ejected, coach may not be on the premises during the contest and is not allowed to communicate with the coaches/team during the contest. To maintain amateur status, a student must not accept money or awards having utilitarian value (golf balls, clubs, tennis rackets, etc.) for participation in athletics. A student may accept an award (gift certificate/food coupon), each sport season, that does not exceed a value of \$20.00. A student must not have signed a professional contract or played on a junior college /community college team.

Tobacco Products, Alcoholic Beverages and Controlled Substances at Game Site:

"Participants, coaches, and other team representatives and game officials, including chain crew, official scorers and timers, should not use any tobacco product, alcoholic beverage or controlled substance at a game site; violation of the policy will be disqualification from the contest."

Weldon STEM High School Career Academies Requirements: Each coach must sign off on the eligibility summary form that is signed by the principal and/or athletics director. Master Eligibility sheets are to be shared with each member school of your conference for each sport program. A mandatory parent/guardian meeting must be held to have the parent sign the parental permission form to acknowledge eligibility and sportsmanship policies/expectations have been reviewed.

Sports Medicine: Concussion – Weldon STEM High School Career Academies athletes should **NEVER** return to play on the day they suffer a concussion. Returning an athlete to play before complete resolution of symptoms can lead to recurrent concussion, prolonged post-concussion symptoms, OR even 'Second Impact Syndrome' (which is often fatal). Per the "Gfeller-Waller Concussion Law," an athlete with suspected concussion cannot return to play until he/she is cleared by a licensed medical physician. The Return to Play Form must be presented prior to practicing and/or playing again. Athletes, parents, coaches and all involved with program must receive education regarding signs and symptoms of concussions. All must sign a form indicating the education session has been conducted. All schools must develop and post an Emergency Action Plan (EAP).

Note: Please reference District Policy 4270/6145 located in the Appendix of this handbook.

Attendance

When a student must miss school, a written excuse signed by a parent or guardian must be presented to the student's teachers on the day the student returns after an absence. This should be signed by all teachers and returned to the Data Manager at the end of the day. An absence may be excused for any of the following reasons noted in HCS Student Policy Code 4400. Unless otherwise required by state law, all students must attend a minimum of 160 school days per school year to be eligible for promotion or credit for a year-long course or 80 school days to receive credit for a semester course. Any of the following excused absences will not count as absences for the purposes of meeting this minimum requirement:

- a. Observance of an event required or suggested by the religion of the student or the student's parent(s) with written approval from the principal;
- b. Isolation ordered by the State Board of Health;
- c. Illness or injury that makes the student physically unable to attend school that is confirmed by a doctor's statement;
- d. Court or administrative proceedings where the student is a party to the action or is under subpoena as a witness in a court proceeding; and
- e. Death in the immediate family, including individuals in the student's household (for absences up to five days).
- f. A student whose parent or legal guardian is an active duty member of the armed services and the service member has been called to duty, or is on leave from their duty station, or has immediately returned from deployment to a combat zone may be granted additional absences at the discretion of the principal or superintendent. Five days prior to the absence, the parent or legal guardian must present to the school principal a written statement requesting the absence and the principal shall use their discretion with regards to the number of days the student may be excused from school.

School Property

The student shall pay destruction or defacement of school property (i.e. calculators, gym equipment, etc.). Other disciplinary action may also be taken. Charges may be filed for destruction of school property. Students will not receive their report card, diploma or participate in any extracurricular activity if fees are owed to the school.

Bus Transportation

School bus transportation is a service provided to aid students in getting to and from school. All students who ride a bus are subject to regulations. Any misbehavior that distracts the drivers is a very serious violation and jeopardizes the safety of everyone. The bus driver is subject to the direction of the principal and shall have complete authority and responsibility for the operation of the bus and the maintenance of good conduct on the bus. Riding the bus is a privilege. Improper conduct on a bus will result in the privilege being denied. The following behaviors are considered inappropriate on a school bus:

- Abusing the driver or students physically or verbally

- Failure to remain seated; not moving seats
- Fighting
- Lighting of matches or other flammable materials
- Profanity
- Refusing to obey the driver
- Throwing objects
- Use of tobacco, drugs or alcohol
- Vandalism (i.e. cutting seats, drawing on seats, etc.)

Consequences for Bus Violations

1ST OFFENSE	Warning and/or dismissal from school bus (1-3 days)
2ND OFFENSE	3 days bus suspension
3RD OFFENSE	5 days bus suspension
4TH OFFENSE	10 days bus suspension
5TH OFFENSE	Suspension from school bus for the remainder of the year or a long term suspension

Buses will depart from the campus of Weldon High School daily at 3:10pm. All doors will be closed and drivers will begin routes. Students wishing to ride another bus must bring a written request signed by a parent/guardian to the assistant principal in the morning, and have the request approved prior to riding another bus in the morning or afternoon.

Checking In and Checking Out

Students are encouraged to remain in school the entire school day. However, in the event a student must be released before the end of the school day, the safety of the student is a paramount concern of the board and school system. If a student has an emergency and must leave school, he/she shall *REPORT TO THE OFFICE FOR PERMISSION AFTER RECEIVING A PASS FROM THE TEACHER.*

The student’s parent, legal guardian or parent’s representative must sign the student out before release of the student to that individual. The principal or designee shall make reasonable efforts to verify that any person appearing at a school and requesting permission to take a student from the school is properly identified before the student is released. Except in the most extreme circumstances, custody of a student shall not be relinquished to any person without the prior approval of the parent or guardian who has physical custody of the student. However, if the parents are divorced or separated, the student may be released to either parent, unless the principal or designee has been provided with a copy of a court order or agreement that specifies

otherwise. The parent or guardian must call the school on each occasion to confirm release of the student for that day. If the principal or designee judges that the student's health or safety may be harmed by releasing the student, the principal shall contact law enforcement and/or the department of social services as appropriate. In order for the student to return to school on the same day, a physician's note or the accompaniment of a parent is required. This policy does not apply to the release of students who work and report to a job prior to the end of the school day as part of their course work.

Students must be present on campus for two class blocks to be considered present for the entire school day. Students may not be checked out of school between 2:40 and 3:00pm. Parents may wait in the office until the bell rings. Leaving school without authorization will result in suspension and/or loss of parking privileges.

Conferences with Administrators and Teachers

Administrators and teachers are pleased to meet with parents and guardians. Please contact the person you wish to meet prior to arriving on campus to schedule an appointment. Administrators are not available to meet during the hours of 8:00am – 3:30 pm except in the cases of extreme emergency. Parents and guardians should not expect teachers to be available for meetings during instructional time.

Electronic Devices

It is recognized that cellular phones and other wireless communication devices (iPods, iPads, etc.) have become an important tool through which parents communicate with their children. Therefore, students are permitted to possess such devices on school property as long as the devices are not activated, used, displayed or visible during the instructional day or as otherwise directed by school rules or school personnel. Wireless communication devices include, but are not limited to, cellular phones, electronic devices with internet capability, paging devices, two-way radios and similar devices. Weldon STEM High School Career Academies administrators may authorize individual students to use wireless communication devices for personal purposes when there is a reasonable need for such communication. Teachers may include electronic devices in their lessons. This usage will be for a class period ONLY and for a specific period of time. Although an electronic device may be permitted before and after school, use of cellular phones and other wireless communication devices may be prohibited on school buses when noise from such devices interferes with the safe operation of the buses.

Students are personally and solely responsible for the security of their wireless communication devices. The school is **NOT** responsible for the theft, loss or damage of a cellular phone or other personal wireless communication devices. School employees may immediately confiscate any wireless communication devices that are on, used, displayed or visible in violation of this policy. Absent compelling and unusual circumstances, confiscated wireless communication devices will be returned only to the student at the end of the school day. Students who refuse to give a cell phone to a teacher or administrator when asked may be subject to disciplinary action. Please review to WCS Code Of Conduct for more information.

Field Trips

Classroom teachers, coaches, or other staff members may arrange field trips for educational or athletic purposes. Parents/guardians must sign field trip permission forms for each trip. Students attending off campus events or field trips, including the Senior Grad Bash, **must make up missed assignments within two days**, as they have not been counted absent. It is the student's responsibility to obtain missed assignments and make up missed work.

Flower and Balloon Delivery

Students should not be in the hallways during lunch without proper authorization. Therefore follow the food guidelines provided by the Child Nutrition Program as a part of the National School Lunch Program. *Students who return from the Community College with outside food and drink will be asked to consume their food in the Charger Refocus Room as not to violate the cafeteria rules and the day to day operations of the Main Office.*

Students at Weldon STEM High School Career Academies must fulfill the requirements of the Future-Ready Core Course of Study, unless they are approved for the Future-Ready Occupational Course of Study. All students must complete 28 credits to graduate from high school. Course work successfully completed by students in grades 9-12 in the regular and summer programs of accredited private or public secondary schools may be used to satisfy any of the requirements of this policy. In addition, course work successfully completed by students in grades 9-12 at a post-secondary institution or through other non-traditional programs may be used to satisfy graduation requirements as provided in policy 3101, Concurrent Enrollment and Other Curriculum Expansions. The Student Honor Code states the following:

“I will not cheat or help others cheat; will take pride in my school and how I represent it; and will be responsible for my actions. I understand that violating this honor code compromises my self-respect. I will follow this honor code and help others do the same.”

- The direct copying of any source, such as written and verbal material, computer files, audio discs, video programs, or musical scores, whether published, in whole or in part.
- Submitting as one’s own work a report, examination paper, computer file, lab report, or other assignment which has been prepared by someone else. This includes research papers acquired from any other person or agency, used in whole or in part.

Inclement Weather

In the event of closing or early dismissal due to weather or other events, listen to local radio and TV stations for details. An “alert-now” may also be broadcast by the central office to inform families. The closing and early dismissals of students are the decision of the superintendent or his/her designee, not the principal.

Illness

If a student becomes ill at school, he/she should advise his/her teacher prior to going to the office, where his parents/guardian will be contacted. Students remaining out of class during a classroom period without permission could receive an unexcused absence. If the illness is abrupt, the nearest faculty member should be notified. Checking out of school should be done only when it is an absolute necessity. Checking out should always be done through the office and with permission from a parent or individuals on the student's information sheet.

Late Arrivals/Tardies

Students arriving to school late – any time after 7:45 am – must report to the main office for a pass to class. Students arriving after 8:30 am will be sent to the Charger Reflection(Poor Choices) and should see their first block teacher during the day to insure that they are marked present. All parents should sign child before dropping them off at school.

Students with excessive tardies to class will be subject to disciplinary action, which may include loss of driving privileges, ISS, and Parent Conferences.

Lost and Found

Students who find articles of value should turn them in to the administrative office. Students who lose articles should report the loss to the school's office. **DO NOT LEAVE MONEY OR VALUABLES IN CLASSROOMS, DESKS OR LOCKERS. The school is not responsible for lost or stolen items, (i.e. cell phones, iPods, money, jewelry, etc.).**

Medicine

It is recognized that students may need to take medication during school hours. School personnel may administer medication prescribed by a healthcare practitioner upon the written request of the parents with proper medical forms filled out. This includes over-the-counter medications. To minimize disruptions to the school day, medicines should be taken at home rather than at school whenever feasible. Parents / guardians of students with acute or chronic healthcare issues who need to possess and self-administer medicine on school property must provide appropriate documentation to Ms. Gilbert, the school nurse and/or Mrs. Whitaker.

Missed Assignments and Work

When absences create a need for work to be made up for credit, it is the responsibility of the student to arrange immediately with the teacher a reasonable timetable for making up the work. In the majority of cases, work should be made up within five school days. Students have the opportunity to make up missed assignments/work during POWER Lunch.

Off-Limit Areas

The following areas are off limits to students during the school day:

Also, “any motor vehicle parked in a parking lot on school grounds....in violation of rules an regulations adopted...., may be removed from school grounds to a place of storage and the owner of such vehicle shall become liable for removal and storage charge.”

If not, a repair or replacement fee will be collected depending upon the circumstances and severity of the damage. Books must be returned on or before the final course exam.

When books are inspected, they should be classified according to their condition. This will help determine when a book has been damaged during the term. Student Life Overview

Clubs & Organizations

Weldon STEM High School Career Academies has clubs, organizations and activities, which are designed to stimulate interest in the subjects with which they are concerned. Each has definite aims and goals, which offer invaluable benefits to its members. A schedule will be decided upon after the clubs are organized. Meetings will be held during the school day, in the afternoon, or at night, but never without a sponsor. A few of our clubs and organizations include:

Junior Reserve Officers Training Corps (JROTC) – a four-year progressive program that is open to all students in grades nine through twelve. Student Government Association (SGA) - A leadership organization that serves as a liaison between the students and the administration. Officers for the SGA are elected in the spring through the democratic process. Any student in good academic standing may elect to run for the following positions: President, Vice-President, Secretary, Treasurer, Reporter Parliamentarian and Executive Assistant (appointed by the advisor). Weldon City Schools

STUDENT CODE OF CONDUCT

2017-2018

WELDON CITY SCHOOLS

STUDENT CODE OF CONDUCT

MISSION STATEMENT

All schools will be safe and caring and student achievement will increase each year for all students.

STATEMENT OF PURPOSE

An educated citizenry is essential to good government in this country and cannot exist without effective public schools that offer a high quality education to all students. The goal of student discipline is to maintain safe and caring schools, to teach students to behave in ways that contribute to academic achievement and school success, and to support a school environment where students and staff are responsible and respectful. As such, school disciplinary measures should be used to preserve the safety of students and staff. Weldon City Schools is committed to providing an environment where teaching and learning take place in an atmosphere free from disruption and obstacles that impede learning.

GENERAL PROVISIONS

All students are expected to comply with all rules governing behavior and conduct. It is the responsibility of the principal to investigate fully the cases of students appropriately referred to his/her office for misbehavior, to ensure fair treatment of such students and protection of their procedural and substantive rights, and to determine what, if any, disciplinary action is warranted. The teacher shall have the responsibility and authority to discipline students, except in those cases requiring the attention of the principal.

- Unless otherwise specified, and/or with the exception of a Class V violation as later defined, this code shall apply to all students in the system before, during, and after school hours while at school, in any school building, and on any school premises; on any school-owned vehicle or in any other vehicle used to transport students to and from any school or school activities; bus stops; off school property at any school-sponsored or school-approved activity, event, or function, including athletics; and during any period of time when students are**

subject to the authority of school personnel; to include conduct which occurs off school property which has or is reasonably expected to have a direct and immediate impact on the orderly and efficient operation of the schools or the safety of individuals in the school environment.

- The principal of the school to which the student is officially enrolled shall be responsible for imposing any disciplinary action upon the student for rule violations occurring away from the student's home school.
- Any student who drives a vehicle onto any Weldon City Schools' property is responsible for the contents of that vehicle. Prior to coming onto Weldon City Schools' property, students should ensure that the vehicle does not contain any contraband which would violate the law or any school rule.
- Possession shall be defined as the prohibited item being on the person, in the student's personal effects, vehicle, locker, desk, or in the immediate control of the student.
- The principal and superintendent may consider the student's intent, disciplinary and academic history, the potential benefits to the student of alternatives to suspension, and other mitigating or aggravating factors when deciding whether to recommend or impose a disciplinary reassignment or long-term suspension.

In assigning appropriate disciplinary consequences under this Code of Conduct, eligible students will be given all rights as provided by the IDEA, Section 504 of the 1973 Rehabilitation Act and the 1990 Americans with Disabilities Act. Procedures on implementing requirements for students with disabilities are found in Policies Governing Services for Children with Disabilities and Section 504 Procedures and Guidelines handbook.

During the period that a student is suspended or disciplinarily reassigned to an alternative program, he/she is prohibited from entering the grounds of any school in the Weldon City Schools system or from attending any school-related functions, including graduation, without the express permission of the building principal. During a period in which a student is long-term suspended or disciplinarily reassigned to an alternative program, the student is prohibited from any Weldon City Schools system property other than the alternative school/program to which the student has been reassigned.

Violation of Board policies, this student Code of Conduct, any behavior management plan or regulations issued by the individual school, or any North

Carolina General Statutes may result in disciplinary action including expulsion or suspension of the student from Weldon City Schools pursuant to the Due Process Procedures for Weldon City Schools.

Violations of the Weldon City Schools' Student Code of Conduct may result in a disciplinary reassignment to an alternative education program. If the principal determines that a disciplinary reassignment is appropriate, the principal may recommend to the superintendent or his/her designee that the student be reassigned to an alternative educational program.

Disciplinary reassignment of a student to a full-time educational program that meets the academic requirements of the standard course of study established by the State Board of Education and provides the student with the opportunity to make timely progress towards graduation and grade promotion is not a long-term suspension requiring the due process procedures described in Policy 4353 – Long-Term Suspension, 365-Day Suspension, Expulsion.

In addition to the compulsory attendance law, if the student fails to enroll in and regularly attend the alternative educational setting as reassigned, or other appropriate school (e.g. private or charter school, North Carolina Virtual Public School, etc.), the disciplinary reassignment will continue until such time as reassignment to the home school is appropriate as determined by the superintendent or his/her designee. A disciplinary reassignment may continue for a period up to and including that which could be imposed for a long-term suspension. In addition, if the offense(s) leading to the disciplinary reassignment occur(s) during the final quarter of the school year, the reassignment may include a period up to the remainder of the school year in which the offense was committed and the first semester of the following school year.

VIOLATIONS & CONSEQUENCES

Violations of the Student Code of Conduct shall be dealt with in accordance with the guidelines established in the school's behavior management plan (see Policy 4302 - School Plan for Management of Student Behavior).

Minor Violations

Minor violations of the Student Code of Conduct are those less severe infractions which involve a lower degree of dangerousness and harm. Examples of minor violations include the use of inappropriate or disrespectful language, noncompliance with a staff directive, dress code violations and minor physical altercations that do not involve weapons or injury. Aggravating circumstances, however, may justify treating an otherwise minor violation as a serious violation.

Minor violations of the Student Code of Conduct may result in disciplinary measures or responses up to and including short-term suspension. Further information regarding the procedures for short-term suspensions is provided in Policy 4351 - Short-Term Suspension. Other disciplinary measures or responses may include, but are not limited to, the following:

- 1. parental involvement, such as conferences;**
- 2. time-out for short periods of time;**
- 3. behavior improvement agreements;**
- 4. instruction in conflict resolution and anger management;**
- 5. peer mediation;**
- 6. individual or small group sessions with the school counselor;**
- 7. academic intervention;**
- 8. limited alternative school setting (long and short term suspensions);**
- 9. detention before and/or after school or on Saturday;**
- 10. community service;**
- 11. exclusion from graduation ceremonies;**
- 12. exclusion from extracurricular activities;**
- 13. suspension from bus privileges; and**
- 14. disciplinary reassignment to an alternative school.**

The parent or guardian is responsible for transportation that may be required to carry out the consequence. With the exception of suspension from bus privileges, if a parent or guardian is unable to provide transportation, another consequence may be substituted.

Serious Violations

Serious violations of the Student Code of Conduct may result in disciplinary

reassignment or any of the other consequences which may be imposed for minor violations. In addition, serious violations that either (1) threaten the safety of students, staff or school visitors or (2) threaten to substantially disrupt the educational environment may result in long-term suspension or expulsion. Certain violations involving firearms or explosive devices may result in a 365-day suspension. Further information about the procedures for disciplinary reassignments is provided in **Policies 4351-4353** - Disciplinary Reassignments. Additional information is available concerning the Alternative Learning Program/Schools in Policies 3470 and 4305.

Information regarding the standards and procedures for long-term suspensions, 365-day suspensions and expulsions is provided in **Policy 4351** - Short-Term Suspension, in Policy 4353 - Long-Term Suspension, 365-Day Suspension, Expulsion. (See also **Policy 4333** - Weapons, Bomb Threats, Terrorist Threats and Clear Threats to Safety, for information regarding 365-day suspensions for certain firearms violations.)

Policy Code: 4270/6145 Concussion And Head Injury

The board recognizes that concussions and other head injuries may be serious and potentially life threatening and that such injuries may result in serious consequences later in life if managed improperly. The board is committed to practices that reduce the potential for short-term or long-term effects from such injuries. In support of this commitment, the board directs school employees to comply with the concussion safety requirements for interscholastic athletic competition established by G.S. 115C- 12(23) as amended in the Gfeller-Waller Concussion Awareness Act of 2011, and to implement and follow all concussion safety requirements set forth in State Board of Education rules and policies for middle and high schools. The superintendent or designee shall develop a plan consistent with state requirements and shall implement and monitor compliance with this policy. The superintendent is authorized to investigate the use of baseline testing for student-athletes and require that student athletes undergo such testing prior to their participation in any interscholastic athletic competition. A.

DEFINITION OF CONCUSSION A concussion is a traumatic brain injury caused by a direct or indirect impact to the head that results in disruption of normal brain function, which may or may not result in a loss of consciousness. B. SCHOOL HEAD INJURY

INFORMATION SHEET Each year, all coaches, school nurses, athletic directors, first responders, volunteers, student-athletes, and parents of student-athletes must be provided with a concussion and head injury information sheet that meets the requirements of the State Board. Before any student, school employee, volunteer, or first responder will be allowed to participate in interscholastic athletic activities, including tryouts, practices, or competitions, he or she must sign the head injury information sheet and return it to the coach. Parents also must sign the sheet and return it to the coach before their children may participate in any interscholastic athletic activity. The principal of each school shall ensure that a complete and accurate record of the returned signed sheets is maintained in accordance with law and State Board policy. C.

REMOVAL FROM AND RETURN TO PLAY Any student-athlete who is exhibiting signs or symptoms consistent with a concussion must be removed from athletic activity immediately. Further, the student athlete must not be allowed to return to play or practice that day or on any subsequent day until he or she has been evaluated and has received written clearance for participation that complies with the requirements of G.S. 115C-12(23) and any other applicable law or State Board policy. D. EMERGENCY ACTION PLANS Each principal or designee shall develop a venue-specific emergency action plan to respond to serious medical injuries and acute medical conditions in which the condition of the injured student may deteriorate rapidly. All such plans must include a delineation of roles, methods of communication, available emergency equipment, and a plan for emergency transport. The plans must be (1) in writing, (2) reviewed by an athletic trainer who is licensed in North Carolina, (3) approved by the principal if developed by a designee, (4) distributed, posted, reviewed, and rehearsed in accordance with G.S.

115C-12(23), and (5) compliant with any other requirements of state law and State Board policy. E. RECORD KEEPING The superintendent shall require each principal to maintain complete and accurate records of actions taken in his or her school to comply with this policy and applicable legal authority. Policy Code: 3225/4312/7320 Technology Responsible Use

The Weldon City Board of Education provides its students and staff access to a variety of technological resources. These resources provide opportunities to enhance learning and improve communication within the school community and with the larger global community. Through the school system's technological resources, users can observe events as they occur around the world, interact with others on a variety of subjects, and acquire access to current and in-depth information. The board intends that students and employees benefit from these resources while remaining within the bounds of safe, legal, and responsible use. Accordingly, the board establishes this policy to govern student and employee use of school system technological resources.

This policy applies regardless of whether such use occurs on or off school system property, and it applies to all school system technological resources, including but not limited to computer networks and connections, the resources, tools, and learning environments made available by or on the networks, and all devices that connect to those networks.

A. EXPECTATIONS FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES The use of school system technological resources, including access to the Internet, is a privilege, not a right. Individual users of the school system's technological resources are responsible for their behavior and communications when using those resources. Responsible use of school system technological resources is use that is ethical, respectful, academically honest, and supportive of student learning. Each user has the responsibility to respect others in the school community and on the Internet. Users are expected to abide by the generally accepted rules of network etiquette. General student and employee behavior standards, including those prescribed in applicable board policies, the Code of Student Conduct, and other regulations and school rules, apply to use of the Internet and other school technological resources. In addition, anyone who uses school system

computers or electronic devices or who accesses the school network or the Internet using school system resources must comply with the additional rules for responsible use listed in Section B, below. These rules are intended to clarify expectations for conduct but should not be construed as all-inclusive. Before using the Internet, all students must be trained about appropriate online behavior as provided in policy 3226/4205, Internet Safety. All students and employees must be informed annually of the requirements of this policy and the methods by which they may obtain a copy of this policy. Before using school system technological resources, students and employees must sign a statement indicating that they understand and will strictly comply with these requirements and acknowledging awareness that the school system uses monitoring systems to monitor and detect inappropriate use of technological resources. Failure to adhere to these requirements will result in disciplinary action, including revocation of user privileges. Willful misuse may result in disciplinary action and/or criminal prosecution under applicable state and federal law.

B. RULES FOR USE OF SCHOOL TECHNOLOGICAL RESOURCES 1. School system technological resources are provided for school-related purposes only. Acceptable uses of such technological resources are limited to responsible, efficient, and legal activities that support learning and teaching. Use of school system technological resources for Document 7/20/15 9:14 AM

Student personal use of school system technological resources for amusement or entertainment is also prohibited. Because some incidental and occasional personal use by employees is inevitable, the board permits infrequent and brief personal use by employees so long as it occurs on personal time, does not interfere with school system business, and is not otherwise prohibited by board policy or procedure. 2. Under no circumstance may software purchased by the school system be copied for personal use. 3. Students and employees must comply with all applicable laws, including those relating to copyrights and trademarks, confidential information, and public records. Any use that violates state or federal law is strictly prohibited. Plagiarism of Internet resources will be treated in the same manner as any other incidents of plagiarism, as stated in the Code of Student Conduct. 4. No user of technological resources, including a person sending or receiving electronic communications, may engage in creating, intentionally viewing, accessing, downloading, storing, printing, or transmitting images, graphics (including still or moving pictures), sound files, text files, documents, messages, or other material that is obscene, defamatory, profane, pornographic, harassing, abusive, or considered to be harmful to minors. 5. The use of anonymous proxies to circumvent content filtering is prohibited. 6. Users may not install or use any Internet-based file sharing program designed to facilitate sharing of copyrighted material. 7. Users of technological resources may not send electronic communications fraudulently (i.e., by misrepresenting the identity of the sender). 8. Users must respect the privacy of others. When using e-mail, chat rooms, blogs, or other forms of electronic communication, students must not reveal personal identifying information or information that is private or confidential, such as the home address or telephone number, credit or checking account information, or social security number of themselves or fellow students. For further information regarding what constitutes personal identifying information, see policy 4705/7825, Confidentiality of Personal Identifying Information. In

addition, school employees must not disclose on school system websites or web pages or elsewhere on the Internet any personally identifiable, private, or confidential information concerning students (including names, addresses, or pictures) without the written permission of a parent or guardian or an eligible student, except as otherwise permitted by the Family Educational Rights and Privacy Act (FERPA) or policy 4700, Student Records. Users also may not forward or post personal communications without the author's prior consent. 9. Users may not intentionally or negligently damage computers, computer systems, electronic devices, software, computer networks, or data of any user connected to school system technological resources. Users may not knowingly or negligently transmit computer viruses or self-replicating messages or deliberately try to degrade or disrupt system performance. Users must scan any downloaded files for viruses. 10. Users may not create or introduce games, network communications programs, or any foreign program or software onto any school system computer, electronic device, or network without the express permission of the technology director or designee. 11. Users are prohibited from engaging in unauthorized or unlawful activities, such as "hacking" Document 7/20/15 9:14 AM http://policy.microscribepub.com/cgi-bin/om_isapi.dll?clientID=3706677392&depth=2&infobase=weldon.nfo&record={63F}&softpage=PL_Doc Page 3 of 5 or using the computer network to gain or attempt to gain unauthorized or unlawful access to other computers, computer systems, or accounts. 12. Users are prohibited from using another individual's ID or password for any technological resource without permission from the individual. Students must also have permission from the teacher or other school official. 13. Users may not read, alter, change, block, execute, or delete files or communications belonging to another user without the owner's express prior permission. 14. Employees shall not use passwords or user IDs for any data system (e.g., the state student information and instructional improvement system applications, time-keeping software, etc.) for an unauthorized or improper purpose. 15. If a user identifies a security problem on a technological resource, he or she must immediately notify a system administrator. Users must not demonstrate the problem to other users. Any user identified as a security risk will be denied access. 16. Teachers shall make reasonable efforts to supervise students' use of the Internet during instructional time. 17. Views may be expressed on the Internet or other technological resources as representing the view of the school system or part of the school system only with prior approval by the superintendent or designee.

C. RESTRICTED MATERIAL ON THE INTERNET The Internet and electronic communications offer fluid environments in which students may access or be exposed to materials and information from diverse and rapidly changing sources, including some that may be harmful to students. The board recognizes that it is impossible to predict with certainty what information on the Internet students may access or obtain. Nevertheless school system personnel shall take reasonable precautions to prevent students from accessing material and information that is obscene, pornographic, or otherwise harmful to minors, including violence, nudity, or graphic language that does not serve a legitimate pedagogical purpose. The superintendent shall ensure that technology protection measures are used as provided in policy 3226/4205, Internet Safety, and are disabled or minimized only when permitted by law and board policy. The board is not responsible for the content accessed by users who connect to the Internet via their personal mobile telephone technology (e.g., 3G, 4G service).

D. PARENTAL CONSENT The board recognizes that parents of minors are responsible

for setting and conveying the standards their children should follow when using media and information sources. Accordingly, before a student may independently access the Internet, the student's parent must be made aware of the possibility that the student could obtain access to inappropriate material while engaged in independent use of the Internet. The parent and student must consent to the student's independent access to the Internet and to monitoring of the student's Internet activity and e-mail communication by school personnel. In addition, in accordance with the board's goals and visions for technology, students may require accounts in third party systems for school related projects designed to assist students in mastering effective and proper online communications or to meet other educational goals. Parental permission will be obtained when necessary to create and manage such third party accounts. Document 7/20/15 9:14 AM

E. PRIVACY Students, employees, visitors, and other users have no expectation of privacy in anything they create, store, send, delete, receive, or display when using the school system's network, devices, Internet access, email system, or other technological resources owned or issued by the school system, whether the resources are used at school or elsewhere, and even if the use is for personal purposes. Users should not assume that files or communications created, transmitted, or displayed using school system technological resources or stored on servers or on the storage mediums of individual devices will be private. The school system may, without notice, (1) monitor, track, and/or log network access, communications, and use; (2) monitor and allocate files server space; and (3) access, review, copy, store, delete, or disclose the content of all user files, regardless of medium, the content of electronic mailboxes, and system outputs, such as printouts, for any lawful purpose. Such purposes may include, but are not limited to, maintaining system integrity, security, or functionality, ensuring compliance with board policy and applicable laws and regulations, protecting the school system from liability, and complying with public records requests. School system personnel shall monitor online activities of individuals who access the Internet via a school-owned device. By using the school system's network, Internet access, email system, devices, or other technological resources, individuals consent to have that use monitored by authorized school system personnel as described in this policy.

F. USE OF PERSONAL TECHNOLOGY ON SCHOOL SYSTEM PROPERTY Each principal may establish rules for his or her school site as to whether and how personal technology devices (including, but not limited to smart phones, tablets, laptops, etc.) may be used on campus. Students' devices are governed also by policy 4318, Use of Wireless Communication Devices. The school system assumes no responsibility for personal technology devices brought to school.

G. PERSONAL WEBSITES The superintendent may use any means available to request the removal of personal websites that substantially disrupt the school environment or that utilize school system or individual school names, logos, or trademarks without permission. 1. Students Though school personnel generally do not monitor students' Internet activity conducted on non-school system devices during non-school hours, when the student's online behavior has a direct and immediate effect on school safety or maintaining order and discipline in the schools, the student may be disciplined in accordance with board policy (see the student behavior policies in the 4300 series). 2. Employees' personal websites are subject to policy 7335, Employee Use of

Social Media. 3. Volunteers are to maintain an appropriate relationship with students at all times. Volunteers are encouraged to block students from viewing personal information on volunteer personal websites or online networking profiles in order to prevent the possibility that students could view materials that are not age-appropriate. An individual volunteer's relationship with the school system may be terminated if the volunteer engages in inappropriate online interaction with students. Legal References: U.S. Const. amend. - Enroll immediately, even if they do not currently have paperwork normally required for enrollment
- Attend either the local attendance area school or the school of origin, with the placement decision based on the student's best interest
- Remain in the school of origin for the duration of the homelessness or until the end of the school year in which the student becomes permanently housed
- Receive transportation to and from the school of origin
- Receive educational services, such as free school meals, Title I services; and participate in gifted and talented programs, vocational education, alternative education, and any other services comparable to what housed students receive

In addition to the provisions that apply to all homeless students, the McKinney-Vento Act includes the following provisions specifically for unaccompanied homeless youth:

- Unaccompanied homeless youth shall be immediately enrolled without proof of guardianship
- During a dispute over school selection or enrollment, unaccompanied homeless youth shall receive a written statement explaining the school's decision, the youth's right to appeal the decision, and a referral to the local liaison.
